

RANCHO MIRAGE HIGH SCHOOL

31001 Rattler Road, Rancho Mirage, CA 92270 (760)202-6455
ranchomiragehighschool.org

Attention AP students, parents, and teachers:

Rancho Mirage High School was selected to participate in the 2019 AP field test for their new online system: <https://myap.collegeboard.org/login>. Schools across the nation participated last year in the pilot test, and College Board expanded to even more schools for this school year. This new online system provides students, parents, and teachers with resources, practice, and test registration.

Test registration enables students to use their account to commit to AP tests, prepare for tests, and have basic demographic information collected. This means the Pre-ID sessions are eliminated. This will save time completing all answer documents. With this new online system comes some changes: Students are able to choose which courses they will be taking AP exams, and students will have some online feedback and practice questions to support their preparation.

One major change is the deadlines for committing, ordering, and paying for exams. The school must order exams as early as October-November for the May 2019 AP testing. We will be working with students and parents to send out detailed information over the next month to address these changes and any concerns.

AP Exams: \$94 per exam

If your student qualifies for a fee waiver, you will need to do the following to ensure we are able to give you the discounted price.

1) Make sure all families complete the new [Education Benefit form](#) to support our funding of the free district-wide lunch program.

Those that qualify for fee waivers:

2) Watch for a letter sent to your home from PSUSD Nutrition Services stating that your student is eligible to receive reduced prices on all PSAT, SAT, ACT, AP, NCAA, and NAIA applications and exams. *If you do not receive a letter, contact nutrition services or request one from our cafeteria manager, Arla Provo.*

3) Bring a copy of that letter to Ms. Ballard's office for Mrs. Patty Iparraguirre to copy for our records, *OR* bring a copy of your parent's 2017 income taxes to provide the same qualification.

4) You are good for 2018-2019 once this proof is provided, but you will need to resubmit for reduced prices every school year!

The sooner you bring in the letter, the sooner we are able to clear all of the PSAT, SAT, ACT, AP, NCAA, or NAIA items for fee waivers and reduced pricing qualifications.

Please speak to your teachers, or please see the AP Coordinator:

Kim Ballard, Assistant Principal and AP Coordinator

Patty Iparraguirre, Office Specialist
