

# Logen States His Intentions

“So what does he need to do to advance?”, asked RMHS Athletic Director Chris Calderwood of Rattler track coach Tyrone

## CIF SPRING UPDATE #5

Robinson last week in anticipation of Logen Casavant’s performance at the CIF Masters meet last Friday. “He needs to get another another PR and knock close to a second off his CIF Finals performance of the the previous week.” replied Robinson. He finished ninth in that meet and was the final Master’s qualifier. “Can he do it?” continued Calderwood. Coach’s response was immediate, “Yes he can!”

Confidence in Logen’s ability was never the question. Both he and his coach knew he had the potential but everything had to come together at the right time. Finally healthy, Logen still had to once again PR, something he had done the last three times he had raced. He did just that and **came in third** in a race where the **top six qualify** for the **State Track Meet at Buchanan HS in Fresno this weekend**. He is one of only three athletes in the Coachella Valley to make it to the State Meet! He’ll leave right after his graduation on Thursday.

Tennis season came to an end last Thursday as the RMHS contingent, consisting of the DAL Champion and Runners Up in both singles and doubles, were eliminated after battling at the University of Redlands in the CIF Individual Sectionals. Daniel Whelan advanced farther than any RMHS boy had ever done, but fell in the third round.
