## **Student Safety Presentations**

Today, 3/6/18, Officer Decker and I presented some information to students regarding safety on campus through grade-level assemblies. Please click the link below to review the presentation provided by the Riverside County Sheriff's Office. The information presented is similar to the H.E.R.O program which is being utilized throughout PSUSD. As we receive additional information regarding the H.E.R.O program, we will share this with our students. In addition to this presentation, we also discussed other safety measures with the students including our site lockdown procedure and social media responsibility.

Teresa Haga, Ed. D.  
Principal
